

AKIK MUKHERJEE

Address: Kagallipura, Bangalore, 560082 | Contact No. +91 9641219752 | Email ID: mukherjeeakik2027@gmail.com | github.com/Akik2027 | LinkedIn-linkedin.com/in/akik-mukherjee-178640241

Objective: To leverage my ongoing pursuit of a Master's in Computer Applications (MCA) and my certified course in Java Full Stack from TNS India Foundation. Equipped with proficiency in Python, JS, and PHP, along with hands-on experience in developing industry-oriented projects such as Cloud Canteen and Voting Management System

PROFESSIONAL TRAININGS

TNS India Foundation

<https://tnsindiafoundation.org/>
JAVA FULL STACK TRAINEE AT TNSIF

Bengaluru
Mar 2024 - Present

PERSONAL PROJECTS

1. Cloud Canteen | Project link - https://github.com/Akik2027/cloud_canteen.git

-Designed & developed a Web App with back-end on **PHP & MySQL database** & front-end using **HTML, CSS, JS & Bootstrap**.

Feb 2023 – Jun2023

-Reason to developed this App, reduce the waiting time after ordering the food in this app.

-Here admin can upload new foods and delete also and set the todays menu with quantities which are shown in user site. User after placing the order get an invoice.

-We can use this Web App in *college, school, office* or in any *organization* for a responsible *digital canteen*.

2. Online Voting System | project link- <https://github.com/Akik2027/Online-Voting-System.git>

- Designed & developed a Web App with back-end on **PHP & MySQL database** & front-end using **HTML, CSS, JS & Bootstrap**.

Mar 2023 – Apr2023

- Added feature create and run more several types of voting in the same time.

When the mentioned session time is closed, automatically results shows in admin panel.

3. Sorting Visualization |

-Designed & developed a Sorting Visualization in a Web Server with the back-end on **DSA ALGORITHMS** & font-end using **HTML, CSS, JAVA SCRIPT**.

Mar 2024 – Present

-Reason to developed this website for better understanding the all-sorting concepts With the visualization.

-here we can sort the **Bubble Sort, Selection Sort, Merge Sort, Insertion Sort, Quick Sort Heap Sort**.
